While the vast majority of our customers do not come close to using 1TB of data in a month, we are pausing our data plans for 60 days giving all customers Unlimited data for no additional charge.
- **No Disconnects or Late Fees:** We will not disconnect a customer's internet service or assess late fees if they contact us and let us know that they can't pay their bills during this period. Our care teams will be available to offer flexible payment options and can help find other solutions.

Just say “Coronavirus” into your X1 or Flex voice remote.
- **24x7 Network Monitoring:** Underpinning all of these efforts, Comcast's technology and engineering teams will continue to work tirelessly to support our network operations. We engineer our network capacity to handle spikes and shifts in usage patterns, and continuously test, monitor and enhance our systems and network to ensure they are ready to support customer usage.
